Complete Service Bay Work Centers

Next Generation Pro Series System

How To Configure A Borroughs Next Generation Pro Series System

PRO SERIES

1. Select bench top size and material (page 3)
2. Select base cabinet sizes and configurations (page 2-3) (add base cabinet platforms (page 3) if desired)
3. Select accessory cabinets (page 4)
4. Select upper cabinets (page 5)
5. Select accessories (carts, tool boxes, chase panels, risers etc.)

Base Cabinets

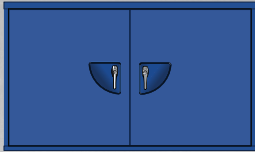

Features/ Benefits

The Next Generation Pro Series is completely modular, making the system easy to configure and install. Welded and reinforced to give unsurpassed durability, Next Generation Pro Series systems will look great, even after years of service.

- Base cabinets are welded and reinforced.
- All base cabinets are 28" deep and 33" high.
- Painted or stainless steel platforms can be added to achieve desired working height.
- Base cabinets can be configured with one of four drawer configurations, doors, service panels (for hose reels) or open shelves.
- Lift motor drawers are available for 14" wide cabinets.
- All handles, locks and hinges are fully recessed to eliminate snagging or tripping hazards.
- Swing doors allow 100% access to cabinet contents.
- Tool storage drawers have 500 lb. capacity ball bearing slides, combining smooth action and super weight capacity.

Upper Cabinets

Features / Benefits

- All welded construction provides ease of installation and years of service.
- Extra large capacity; standard height upper cabinets are 19" H x 20" deep.
- Extended height cabinets are 36" H x 20" deep.
- Standard height doors tip up and slide in on heavy duty ball bearing slides keeping the doors out of the way when cabinet is open.
- Monitor enclosures have plenty of room for up to a 17" flat panel screen.
- Articulating keyboard tray keeps the keyboard out of the way, but allows technicians to type at a comfortable height.

Why Borroughs?

Borroughs knows how important your service department can be to you and your organization. That's why we produce high quality, flexible shop equipment. We insist that our distributors are thoroughly trained and knowledgeable concerning the specialized requirements of your dealership. The extra effort and careful planning our distributors provide will assure a service department that is efficient and attractive.

Your Borroughs Distributor offers everything from layout assistance to timely delivery and installation. Your distributor will be there long after your equipment has been installed to answer questions and contribute ideas.

For All Your Dealership Requirements

- Service Writer Desks
- File and Record Storage
- Tear-Down Benches
- Essential Tools Storage
- Tire and Battery Storage
- Parts Department Equipment

Borroughs Standard Powder Coat Colors

Borroughs powder coated finishes are high quality, durable and inert. Six standard industrial (automotive) colors, available with no up-charge are: #B504 Blue, #C386 Red, #065 Industrial Gray, #445 White, #F604 Pebble, #161 Mist Gray and #040 Black. We also offer custom color matching using Borroughs computerized technology.

The colors depicted on this publication have been reproduced using a printing process and are only provided as a guide. The actual painted product may vary. All colors are not available on all products. Please contact your Borroughs Distributor for details.
